COMMENTS INVITED ON APPLICATION OF O1 COMMUNICATIONS, INC. D/B/A O1 TELEPHONE TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 05-332
Comp. Pol. File No. 735

Comments Due: December 14, 2005

Section 214 Application

Applicant: O1 Communications, Inc. d/b/a O1 Telephone

On November 21, 2005, O1 Communications, Inc. d/b/a O1 Telephone (O1 or Applicant), located at 1515 K Street, Suite 100, Sacramento, California 95814, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue its provision of certain domestic telecommunications services in California.

O1 indicates that it is certified by the California Public Utilities Commission to provide both facilities-based and resold telecommunications services. O1 states that it currently provides local exchange telephone services to residential customers in SBC-West service areas of California via UNE-P wholesale offerings from SBC-West. O1 asserts that it can no longer provide residential local exchange services, and that it plans to discontinue these services as of December 31, 2005. O1 indicates that it provided all affected customers with written notice of its proposed discontinuance, and the availability of alternate services, by letters dated November 15, 2005 and sent by U.S. Mail. O1 asserts that it is non-dominant with respect to the services it proposes to discontinue, and that SBC-West is the incumbent local exchange carrier in all areas affected by the proposed discontinuance.

In accordance with section 63.71(c) of the Commission's rules, O1's application will be deemed to be automatically granted on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies O1 that the grant will not be automatically effective. Accordingly, pursuant to section 63.71(c), absent further Commission action, O1 may terminate service to its affected customers on **December 31, 2005**. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **December 14, 2005**. Such comments should refer to **WC Docket No. 05-332 and Comp. Pol. File No. 735**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. *See Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998).
